It is anticipated that the International Criminal Court (ICC) located in The Hague, Netherlands, will shortly be issuing a solicitation for the provision of consultancy services to assess the Court's ERP system and establish a project roadmap. In connection with the above, the ICC is requesting expression of interest from qualified firms.

Service description

The ICC wishes to assess the options for the next generation ERP to support its administrative processes. The ICC therefore seeks service providers to help with the decision-making, high-level planning, deployment options and road mapping of migrating its current SAP ERP ECC 6.0 system into the next generation ERP.

As such, the Court seeks service providers to assess the SAP ERP migration and/or replacement options for its current SAP ERP system. The assessment will consist of, but is not limited to, a high-level impact analysis, business case, resource requirements, deployment options and key decision points resulting in a roadmap with executable steps to migrate/transition the current legacy SAP ERP system into the next generation ERP. The work will be performed by the service provider's resources with the input of ICC staff members. Service provider's resources are expected to provide hands-on experience and expertise with assessing migration strategies for ERP systems in general and migration from SAP ERP ECC 6.0 to SAP S/4 HANA more specifically.

The detailed scope of work will be given under the Request for Proposal document that will be sent to the firms who respond to this EOI and emerge successfully from the evaluation against the selection criteria.

Interested firms/organizations should forward their Expression of Interest by facsimile or e-mail to the attention of Tender.4@icc-cpi.int

Interested firms/organizations registered with the UN Global Marketplace, please indicate your vendor registration number. Please be advised that this Request for EOI does not constitute a solicitation. It should also be noted that the ICC reserves the right to change or cancel this requirement at any time.
