Justice, Security and Peace

The justice efforts will help to integrate military and dialogue efforts to protect people.

We are working together with International, national and local authorities and leaders from the Lango, Acholi, Teso and Madi communities as part of a common effort to achieve justice and reconciliation, the rebuilding of communities and an end to violence in Northern Uganda.
**Arrest**

The arrest warrants will help galvanize efforts to apprehend suspects. Arrest is the responsibility of States Parties and the international community.

According to reports the fugitives are moving between three countries; Uganda, DRC and the Sudan.

These 3 countries must work together with the support of the international community to execute arrests.
