To the Prosecutor of the International Criminal Court,

Re: State Party Referral of the Situation in Belarus

The Government of the Republic of Lithuania presents its compliments to His Excellency, the Prosecutor of the International Criminal Court (“Court”), and has the honour to inform the Prosecutor of the Court as follows.

The Minister of Justice of the Republic of Lithuania, acting on behalf of the Government of the Republic of Lithuania, pursuant to Articles 13(a) and 14 of the Rome Statute of the Court, refers the Situation in the Republic of Belarus for investigation by the Office of the Prosecutor.

The Government of the Republic of Lithuania finds that there are reasonable grounds to believe that, beginning in April 2020, and from at least 1 May 2020, partly ongoing to the present day, and continuing, crimes against humanity - including deportation, persecution and other inhumane acts - have been carried out against the civilian population of Belarus, at the behest of senior Belarusian political, law enforcement and military leaders, and that part of the element of these crimes was committed on the territory of Lithuania, bringing such crimes temporally, territorially, and materially (by subject-matter) within the jurisdiction of the Court. It is also reasonable to believe that part of the elements of these crimes was committed, and continues to be committed, on the territory of other States Parties. The requirements for admissibility and the interests of justice are manifestly met. We enclose relevant materials for your consideration.

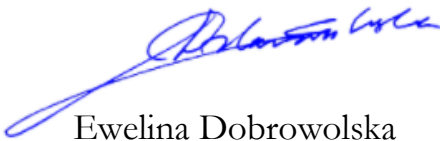

As such, the Government of Lithuania specifically asks the Prosecutor to investigate all past, ongoing and future crimes within the Court's jurisdiction, including as referred, as committed in the territory of the Republic of Belarus, and partly on the territory of Lithuania, since at least 1 May 2020 so that those most responsible for these crimes may be held accountable for their actions without further delay. The referral aims to ensure

that hundreds of thousands of victims are provided justice at the Court, and to help bring an end to, and prevent the recurrence of, such crimes against them.

The Government of the Republic of Lithuania respectfully requests, pursuant to Regulation 45 of the Regulations of the Court, that the Prosecutor immediately inform the Presidency of the Court of this Referral so as to "facilitate the timely assignment of [the] situation to a Pre-Trial Chamber."

The Government of the Republic of Lithuania avails itself of this opportunity to renew, to the Office of the Prosecutor of the Court, the assurances of its highest consideration.

Yours sincerely,

Ewelina Dobrowolska
Minister of Justice of the Republic of Lithuania
