I. Introduction

1. On 19 March 2020, Trial Chamber V ("Chamber") issued its "Order Scheduling First Status Conference" ("Scheduling Order") in which it *inter alia* endorsed the victim application procedure previously adopted by Pre-Trial Chamber II ("PTC").¹ During the pre-trial stage, the latter had instructed the Registry in its "Decision establishing the principles applicable to victims' applications for participation" of 5 March 2019 ("Decision")² to:

- i. Classify victim applicants into three categories: (a) applicants who clearly qualify as victims ("Group A"); (b) applicants who clearly do not qualify as victims ("Group B"); and (c) applicants for whom the Registry could not make a clear determination for any reason ("Group C");³ and
- ii. Prepare "regular reports that list the applications for participation and classify them according to the three groups".⁴

2. The Registry hereby transmits its sixteenth assessment report ("Sixteenth Registry Assessment Report"), on 146 complete applications ("Applications") to participate in the case of *The Prosecutor v. Alfred Yekatom and Patrice-Edouard Ngaiisona* ("Case"), which includes:

- A brief description of the assessment criteria applied in relation to the 72 applicants who clearly, in the Registry's assessment, qualify as victims falling within the scope of the Case (Group A);

¹ Trial Chamber V, "Order Scheduling First Status Conference", 19 March 2020, ICC-01/14-01/18-459, para. 8 (iv).

² Pre-Trial Chamber II, "Decision Establishing the Principles Applicable to Victims' Applications for Participation", 5 March 2019, ICC-01/14-01/18-141.

³ *Id.*, para. 41 (i). In paragraph 41 (ii) of the Decision, the PTC ordered the Registry to transmit to the Chamber on a rolling basis and in unredacted form all complete applications and any supporting documentation in its possession. In paragraph 41 (iv) of the Decision the PTC also ordered the Registry to disclose to the Prosecution and the Defence all Group C applications, redacted as needed.

⁴ *Id.*, para. 41(iii).

- A brief description of the assessment criteria applied in relation to the 74 applications who, in the Registry's assessment, clearly fall outside of the scope of the Case (Group B).
3. The applications falling in Group A and Group B have been listed in annex 1 to the present submission ("Annex 1") and are being transmitted separately to the Chamber, in accordance with paragraph 41(ii) of the Decision. Annex 2 contains a brief description of the assessment criteria applied in relation to Group B applications.

II. Procedural History

4. On 5 March 2019, the PTC issued the Decision, setting out *inter alia* the admission procedure for victims' participation in the Case.⁵
5. On 21 June 2019, the PTC authorised 15 victims to participate at the confirmation hearing in the Case ("First Decision on Victims' Applications").⁶
6. On 13 September 2019, the PTC authorised an additional 1,070 victims to participate in the proceedings ("Second Decision on Victims' Applications").⁷
7. On 11 December 2019, the PTC issued a decision partially confirming the charges against the accused ("Decision on the Confirmation of Charges").⁸
8. On 19 March 2020, the Chamber issued its Scheduling Order, in which it *inter alia*: i) endorsed the victim application procedure set out in the Decision;⁹ and

ii) requested the Registry to provide an update and forecast on (additional) applications by victims to participate in the proceedings.¹⁰

9. On 22 May 2020, the Registry provided its update on victim participation.¹¹

10. On 16 July 2020, the Chamber set the start of the trial on 9 February 2021 and the “end of the Prosecution’s presentation of evidence as the deadline for the transmission of victim applications by the Registry” (“16 July 2020 Decision”).¹² The start of the trial was later postponed to 16 February 2021.¹³

11. Between 19 October 2020 and 20 December 2021, the Registry transmitted 1,035 applications categorised in Group A,¹⁴ 677 applications in Group B¹⁵ and 40 applications categorised in Group C¹⁶ together with reports thereon.¹⁷

²⁰ Decision, paras 41(iii) for the lists of applications to be addressed to the Chamber, parties and if applicable to the legal representatives of participating victims, and para. 41(vi) for the assessment reports containing the reasons for rejecting applications in Group B to be provided exclusively to the Chamber.

17. Applying the criteria set out in paragraph 31 of the Decision, the Registry has assessed each of the 72 applications presently transmitted under Group A as complete. In conducting its assessment in accordance with paragraph 38 of the Decision, the Registry confirms that each of the 72 applicants whose applications are being transmitted in Group A have met *prima facie* the following criteria:

- i. Her or his identity as a natural person is established;
- ii. She or he has suffered harm;
- iii. The harm suffered is a result of an incident falling within the temporal, geographic and material scope of the Case.²²

Observations in relation to criterion (i)

18. Certain applications²³ falling under Group A contain minor discrepancies, pertaining to *inter alia*: the applicant's date of birth; an inversion of the applicant's first and last name; the applicant's signature date or the spelling of the applicant's name; or other minor inconsistencies in the information provided which appear to be the result of inadvertent errors. In these cases, the Registry took note of the PTC's instruction – as endorsed by the Chamber²⁴ – that “a certain degree of flexibility must be shown”²⁵ and considers that the discrepancies presented in these applications “do not call into question the overall credibility of the information provided by the applicant [...]”.²⁶

²¹ These applications include: a/65049/19, a/66028/19, and a/66154/19. The Registry notes that it processes these applications in light of the recent guidance provided by the Chamber in its 8 September 2021 Decision.

²² *Id.*, para. 37.

²³ The applications with minor discrepancies include: a/20036/21, a/20043/21, a/20071/21, a/20144/21, a/20176/21, a/20178/21, a/20300/21, a/20347/21, a/20730/21, a/20744/21, a/20771/21, a/20774/21, a/20775/21, a/20776/21, a/20778/21, a/20779/21, a/20781/21, a/20782/21, a/20786/21, a/20788/21, and a/20792/21.

²⁴ Scheduling Order, para. 8 (iv).

²⁵ Decision, para. 34.

²⁶ *Ibid.*

19. One applicant²⁷ has submitted with her or his application a “*Formulaire d’enregistrement des électeurs*” (also called “*Récépissé*”) to establish her or his identity. As previously indicated in the Registry’s report on proof of identity documents available in the Central African Republic, the Registry was informed that such type of document has been used by individuals in lieu of their electoral cards to vote on time for the 2015 elections, in the context of the crisis and the dysfunction of administrative institutions.²⁸ In addition, some applicants have submitted as identification documents cards delivered by Camp Management Agencies following a registration process (“Registration card”) as well as identification documents cards delivered by non-governmental organisations in the context of assistance programmes (“Entitlement cards”).²⁹ In accordance with paragraph 25 of the Decision, the Registry sought³⁰ and obtained³¹ the PTC’s approval to consider such documents as sufficiently establishing the identity of applicants in the Case.

Observations in relation to criterion (iii)

20. In identifying the crimes falling within the scope of the Case, the Registry looks solely at the alleged acts and - save in the case of alleged persecution -

²⁷ a/15347/20.

²⁸ Registry, “Annex I to the Registry Report on Proof of Identity Documents Available in the Central African Republic and Transmission of Proposed Application Form for Victims Under Rule 85(b) of the Rules of Procedure and Evidence”, 28 February 2019, ICC-01/14-01/18-133-AnxI, para. 18. A sample of such document is available in annex II to the Registry’s report (See ICC-01/14-01/18-133-AnxII-Red2, pp.76-77).

²⁹ The Registry found that in many instances displaced applicants had lost their identification document and had difficulties to access local authorities. However, they often possessed cards delivered by UN agencies, refugee camp management agencies or NGOs in a similar role, which they used in lieu of any other type of identification (See, ICC-01/14-01/18-133-AnxI, para. 21. A sample of such documents is available in annex II to the Registry’s report, see ICC-01/14-01/18-133-AnxII-Red2, pp. 78-80). The Registry further found that Registration cards and Entitlement cards were used outside of the context of internally displaced persons camps/sites for identification purposes. These applications include: a/20036/21, and a/20788/21.

³⁰ Respectively, email from Registry to PTC on 28 August 2019 at 11:23 and email from Registry to PTC on 1 August 2019 at 18:33. The Registry noted (i) that both documents contained similar features to the ones considered to be valid by the PTC in the instant Case; and (ii) that many displaced victims had lost their identification documents (*see supra.*, fn. 29).

³¹ Respectively, email from PTC to Registry on 29 August 2019 at 11:17 and email from PTC to Registry on 2 August 2019 at 15:20.

does not make any assessment as to the potential underlying grounds for their commission.³²

21. In accordance with the 23 November 2020 Decision and the 8 September 2021,³³ the Registry categorises within Group A applicants who mention crimes committed by Anti-Balaka groups in areas neighbouring the borders of Cattin or Boeing and clearly related to the alleged attack in Bangui on 5 December 2013. In accordance with the 8 September 2021 Decision, the Registry categories within Group A applicants who mention crimes committed by Anti-Balaka groups along the PK9-Mbaiki axis and clearly related to the Anti-Balaka's advance through and takeover of villages along the PK9-Mbaiki axis, notably within a short distance of the villages of Sekia, Ndangala, Bimon, Kapou, Bossongo, Pissa and Mbaiki.³⁴
22. Lastly, the Registry notes that certain applications appear to provide an erroneous date of the alleged events or do not explicitly state specific dates. Having said that, they refer to publicly known events (such as for example the presence of Chadian forces in Mbaiki to evacuate the Muslim community to Bangui), or provide any other sufficiently detailed contextual descriptions that date the events.³⁵ In these cases, the Registry has applied the Chamber's instruction to assess applications "holistically by assessing their internal coherence and the overall context of the alleged acts".³⁶

³² As a result, the Registry assesses within Group A applicants who have suffered harm from at least one of the crimes charged against the accused. The Registry assesses whether relevant victim applicants were "perceived as collectively responsible for, complicit with, or supportive of the Seleka" only in cases where the applicant appears to have suffered from the charged crime of persecution.

³³ Respectively, 23 November 2020 Decision, paras 27-33 and 8 September Decision, paras 17-29.

³⁴ 8 September Decision, paras 36 and 39.

³⁵ These applications include: a/15243/20, a/15247/20, a/15283/20, a/15285/20, a/15286/20, a/15344/20, a/20532/21, a/20771/21, and a/20792/21.

³⁶ Email from the Chamber to the Registry of 30 July 2020 at 17:29. The Registry notes that relevant instructions were provided where applications contained discrepancies with regards to the date. The Registry respectfully submits that the same logic should apply to those instances where an applicant did not provide an exact date but where the applicant's submission clearly relates to the events described in the Decision on Confirmation of Charges. The Registry respectfully submits that such interpretation is consistent with the guidance provided by the Chamber in the 23 November 2020 Decision. .

Details on the Assessment Criteria and List of Applications Falling within Group B

23. The 74 Applications transmitted under Group B include 24 applications from victims already admitted to participate during the pre-trial stage.³⁷
24. Applying the criteria set out in paragraph 31 of the Decision, the Registry has assessed each of the 74 Applications transmitted under Group B as complete.
25. In conducting its *prima facie* assessment in accordance with paragraph 38 of the Decision, the Registry has concluded that the persons whose applications have been transmitted under Group B clearly do not qualify as victims in the Case because the harm alleged has resulted from events falling outside the geographic and/or temporal parameters of the Case.
26. Pursuant to paragraph 41(vi) of the Decision, the Registry has provided an assessment report for the Chamber in Annex 2 setting out the specific reasons for rejecting the applications, in order to assist the Chamber to take a decision on such applications.

³⁷ The victims admitted at pre-trial stage are: a/65442/19, a/65832/19, a/65896/19, a/65898/19, a/65901/19, a/65914/19, a/65917/19, a/65921/19, a/65923/19, a/65930/19, a/65931/19, a/65938/19, a/65939/19, a/65952/19, a/65953/19, a/65980/19, a/65986/19, a/65996/19, a/65997/19, a/65998/19, a/66009/19, a/66010/19, a/66015/19, and a/66177/19. The Registry recalls that all applications transmitted in Group B follow a process of verification with the CLRV to ensure that no additional information is available that could impact the Registry's assessment. See also para. 13.

27. The Registry will continue to assess all applications in its possession according to the criteria established by the Chamber and will transmit all complete applications on a rolling basis in accordance with the deadlines set out in the 16 July 2020 Decision.
