Subject: TC X: Single Judge directions concerning public redacted versions of the annexes to the Registry reports on submitted items

Dear Counsels,
Dear colleagues,

The Single Judge notes that the process of preparing and issuing public redacted versions of email submissions and rulings on the submission of items via witnesses has been delayed for many reasons. In the circumstances, the Single Judge finds it appropriate to give the below instructions to ensure that – at least – the Chamber’s relevant rulings are made available to the public at this stage.

With respect to the various ‘Annex I’ to the Registry reports, as transmitted via emails sent on 15, 16, 17 and 18 November 2021, the Single Judge reviewed their content and considers that they can be put on the public record of the case as proposed, with the below exceptions.

Pursuant to Article 68 of the Statute, the following additional redactions are necessary to ensure the protection of the relevant witnesses:

- Annex #1631-Conf-AnxI, redacting: [REDACTED]
[REDACTED]
[REDACTED];
- Annex #1652-Conf-AnxI, redacting: [REDACTED];
- Annex #1638-Conf-AnxI, redacting: [REDACTED]
[REDACTED];
- Annex #1633-Conf-AnxI, redacting: [REDACTED]
[REDACTED];
- Annex #1619-Conf-AnxI, redacting: [REDACTED]
[REDACTED];

The Registry is hereby instructed to proceed accordingly.

Further, for the annexes to reports #1867-Conf, #1868-Conf, #1869-Conf, #1870-Conf, #1871-Conf, #1872-Conf, the Single Judge notes that a single annex contains both the Chamber’s ruling and the parties’ respective detailed submissions on the items submitted. In these circumstances, for these annexes as well as for the annexes to report #1866-Conf, the Single Judge finds it more appropriate to await the Prosecution’s proposed redactions prior to issuing a public redacted version thereof. The Prosecution is accordingly instructed to make such proposal by the end of July 2022.

Kind regards,

On behalf of the Single Judge of Trial Chamber X
