**Subject:** Late redactions

Dear Parties and participants,

The Presiding Judge notes that today at 13:36, after the Chamber had already risen, the Prosecution made a redaction request. Whilst in this particular instance the redaction was implemented, the Registry had particular difficulty in doing so due to the late nature of the request.

As already set out in the further directions issued via email on 22 September 2022 at 18:34, the Presiding Judge reiterates that, where a redaction request is made close to the end of a session or indeed if there is a possibility that a request will be made after a session has concluded, the requesting party must orally inform the Court Officer, as well as the responding party, so that the request is not missed.

Kind regards,  
Trial Chamber VI
