Subject: Re: ICC-01/21- 01/25 (Public) Registry request for extension of time to submit its report on consultations with the parties and participants pursuant to Chamber's Oral Decision issued on 27 May 2026

Dear colleagues,
Dear counsel,

Pursuant to Regulation 35(2) of the Regulations, the Chamber hereby grants the extension of time limit requested. Noting that consultations are ongoing, the Registry may file the Protocol for the use and submission of evidence during trial by COB 17 June, if and when an agreement has been reached. If not, the Registry is to report back to the Chamber on this matter during the status conference on 23 June. As regards the other protocols, the Registry is instructed to file these by the 15 June deadline.

Kind regards,

Trial Chamber III

Dear Trial Chamber III,

The Registry respectfully requests, pursuant to Regulation 35(2) of the Regulations of the Court, a limited extension until 17 June 2026, to submit its report on consultations with the parties and participants concerning the proposed procedure for the submission of evidence during the course of the trial.

While the Registry remains fully committed to complying with the Chamber's instruction, it respectfully submits that good cause has been shown for the requested extension, as additional time is required to complete the ongoing consultations and testing necessary to provide the Chamber with a comprehensive report.

In this regard, the Registry held additional meetings with the Prosecution and the Defence during the course of the present week concerning the witness and evidentiary materials modules of the JWP. In addition, on 10 June 2026, the Registry provided the parties and participants with access to the JWP test environment to enable them to explore the relevant modules. The testing is ongoing.

The Registry appreciates the Chamber's consideration of this request and remains available to provide any further information it may require.

Kind regards,
CMS
