

ANNEX

1. On 23 May 2014, Trial Chamber II issued its "*Décision relative à la peine (article 76 du Statut)*" (ICC-01/04-01/07-3484).
2. In the English translation of that decision, an error was made at paragraph 144, final sentence.

The translation should have read as follows:

In the Chamber's view, this weighs in favour of the imposition of a less severe sentence.

instead of:

In the view of the Chamber this warrants a reduction of the sentence imposed.

3. In addition, some formatting corrections had to be made, partly connected with conversion to .pdf format; in the original version of the translation to English the footnote hyperlinks did not function.
