Dear Colleagues,

The Single Judge grants the request and directs CMS to proceed to the reclassification of ICC-01/12-01/15-267-Conf-AnxI as public.

Kind regards,

[REDACTED] on behalf of the Single Judge.

Subject: FW: Public redacted version of "Registry Observations on the Trust Fund for Victims' Draft Implementation Plan for Reparations", 18 May 2018, ICC-01/12-01/15-267-Conf

Dear Trial Chamber VIII,

As ordered on 12 July 2018 (ICC-01/12-01/15-273-Conf, page 42), the Registry will file today a public redacted version of its observations on the Trust Fund for Victims' Draft Implementation Plan for Reparations (ICC-01/12-01/15-267-Conf with one confidential annex).

We also consider that the annex of these observations can be reclassified as public. In light of the email exchanges below between VPRS and CMS, I am writing to kindly request the Chamber to authorize the reclassification of document ICC-01/12-01/15-267-Conf-AnxI.

Thank you and best regards,

Dear [REDACTED]

Indeed CMS can only reclassify a court record upon reception of a written instruction through Order/Decision or email.

Kind regards,

CMS

Dear [REDACTED] Dear Colleagues,

As discussed, VPRS was ordered by Trial Chamber VIII to file a public redacted version of our observations on the DIP in the Al-Mahdi case (see ICC-01/12-01/15-273-Conf, page 42 and ICC-01/12-01/15-267-Conf with one confidential annex). We will file today a public redacted version of the cover filing and we want the confidential annex to be reclassified as public, as no redaction are necessary.

I understood from our phone conversation earlier today that VPRS cannot request the reclassification of the annex and that only the Chamber can order the said reclassification. Once I have your written confirmation of this, I will email TC VIII to inform them about the situation.

Thank you and best regards,
