List of experts' material relevant to reparations proceedings in the *Ntaganda* case

The Legal Representative provides below a list of experts who have provided reports concerning issues relevant to the current reparations proceedings, in writing or orally, before the Court. Said list is not exhaustive. It includes the experts who, in her view, testified or provided reports on issues that are particularly relevant in light of the observations advanced in the main submissions. More experts' material is available, albeit in a confidential version. Accordingly it is not listed in the table below.
