Dear Trial Chamber X Communications,

On behalf of the Registry, the Registry has taken note of the below email and wishes to respond to the request of the Defence (ICC-01/12-01/18-525-Conf-Exp). However given the that the Registry had limited capacity during the recess, and resources were diverted to other matters, we would like to respectfully request an extension of one week to respond to the request. The Registry would then provide observations by 13 January 2020 at 16:00.

Thank you for your consideration and best regards,
