Subject: Update on VWU's progress in relation to report on P-0306's security situation

Dear all,

The Single Judge wishes to inform the participants that the VWU provided the Chamber with an update on the progress made in relation to the report on P-0306's security situation (email from the VWU to the Chamber, 24 February 2021, at 16:31), as per the Chamber's instructions in the 'Decision on the Prosecution Request pursuant to Rule 81(4) for the Delayed Disclosure of the Identity and Materials related to Witness P-0306' (see ICC-01/14-01/18-728-Conf-Red, paras 23-25, p. 11) ('the Decision').

In particular, the VWU reported that the information currently available for the purposes of its assessment is 'limited', and inquired whether it should already provide this information to the Chamber 'in order to assess whether more information would be needed taking into account the additional time that it would imply'.

In light of this, the Chamber instructed the VWU to (i) continue its efforts to seek detailed information on appropriate and available protective and security measures for the witness; and (ii) submit, as soon as practicable, a comprehensive report pursuant to the Chamber's directions in the Decision. Should the VWU not be able to submit its report by 19 March 2021, the Chamber ordered the VWU to provide it with an update on the progress made by this date (email from the Chamber to the VWU and the Prosecution, 26 February 2021, at 15:12).

Kind regards, TCV
