Project number	TFV/KEN/2022/R1/001
Implementing organization	Registered non-governmental organization
Location	Implemented in five counties: Nairobi, Nakuru, Meru, Western, and Mombasa.
Victim beneficiaries	Survivors of sexual and gender based violence that have suffered harm as a result of the commission of a Post-Election Violence (PEV) crime within the jurisdiction of the International Criminal Court.
Crimes	Crimes against humanity and war crimes
Objective of activities	To ensure that the victims of SGBV PEV 2007-2008 receive medical treatment for injuries sustained during the PEV period and to heal from the physical and mental trauma. Sexual violence survivors like other victims of the PEV, suffered huge economic losses. SGBV survivors have lost their homes, land, businesses, livestock, and other property the project aims to facilitate survivors with socio-economic skills to have livelihood stability for themselves and their families.
Planned activities	<p>The project contains a three-pronged strategy:</p> <ol style="list-style-type: none"> <li>1. Providing holistic medical and psychosocial rehabilitative services to victims of SGBV, aimed at rebuilding their lives and restoring their right to rehabilitation. Provide comprehensive medical rehabilitation and trauma focused physiotherapy (PT) to PEV Sexual Violence survivors. Specialized PT for trauma survivors can help those who have suffered physical atrocities including beatings, gunshot wounds, burns, rape, and forced labour.</li> <li>2. Strengthening provider capacity through psychologist training and clinical supervision, physiotherapist training, and mentorship aimed at helping provide clinically sound services while building the capacity of a local network of providers. The project will engage a well-established network of local medical providers and mental health counsellors from across the identified affected areas.</li> <li>3. Addressing sustainable action and benefits through economic empowerment and community integration for victims. The project will empower the survivors with economic skills such as but not limited to entrepreneurship skills, optimizing digital opportunities, income earning opportunities, and savings for sustainability purposes and link them up with existing opportunities to implement the skills acquired.</li> </ol>
