I. Introduction

1. On 19 October 2021, Trial Chamber I (“Chamber”) issued its “Decision on victims’ participation and legal representation in trial proceedings” (“Decision”),¹ in which it *inter alia* endorsed the victim application procedure previously adopted at the pre-trial stage of the proceedings (“Victim Application Procedure”).²
2. In compliance with the Decision, the Victims Participation and Reparations Section of the Registry (“VPRS”) shall:
 - A. classify victim applicants into three categories: (a) applicants who clearly qualify as victims (“Group A”); (b) applicants who clearly do not qualify as victims (“Group B”); and (c) applicants for whom the Registry could not make a clear determination for any reason (“Group C”) (“A-B-C Approach”),³ and
 - B. transmit complete applications to the Chamber and produce assessment reports periodically and on a rolling basis.⁴
3. The Registry hereby submits its eighth assessment report on a total of 279 complete applications to participate in the case of *The Prosecutor v. Ali Muhammad Ali Abd-Al-Rahman (‘Ali Kushayb’)* (“Applications” and “Case”). The Registry has assessed all of these Applications to fall in Group A.
4. The Applications are listed in the annex to the present submission (“Annex”) and are being transmitted separately to the Chamber in accordance with the Victim Application Procedure.⁵

III. Classification

16. Pursuant to regulation 23*bis*(1) of the Regulations of the Court (“RoC”) and in accordance with the Victim Application Procedure,²¹ the Annex to the present report is classified as confidential.

IV. Applicable Law

17. The Registry submits the present observations pursuant to article 68(1) and (3) of the Rome Statute, rules 85 to 89 and 92 of the Rules of Procedure and Evidence, regulation 86 of the RoC, and regulations 107 to 109 of the Regulations of the Registry.

V. Submissions

18. Applying the criteria set out in paragraph 16 of the 18 January 2021 Decision,²² the VPRS has assessed each of the 279 Applications transmitted herewith under Group A as complete. In conducting its *prima facie* assessment in accordance with the Victim Application Procedure,²³ the VPRS confirms that each of the applicants in Group A meet the following criteria in establishing:

- i. The victim’s identity;
- ii. The harm suffered; and
- iii. The causal link between the harm suffered and one or more of the crimes allegedly committed during an incident falling within

the temporal, geographic and material parameters of the Case as described in the Confirmation Decision.²⁴

Observations in relation to criterion (i):

19. In line with the Court's jurisprudence, indirect victims must establish the identity of both themselves and the direct victims as well as their respective kinship.²⁵ The VPRS has noted in the present case that in many instances, while applicants hold identity documents which display their full names and consequently their patrilineality, they do not possess other specific documents establishing kinship or the identity of the direct victims. In accordance with the Chamber's authorisation,²⁶ the VPRS considers that:

- any identity document displaying the full name of the applicant is sufficient to establish proof of identity of/ kinship with an applicant's father/grandfather;²⁷ and
- an applicant may qualify as indirect victim as a result of the harm suffered by:
 - (i) direct victims who are their siblings, and/or
 - (ii) direct victims who are a child of the indirect victim when:

) the direct victim's name is listed in the Prosecution Trial Brief,²⁸ and

²⁴ In accordance with the 20 May 2021 Decision (para. 47), the VPRS has categorised within Group A applicants who allege to have suffered personal harm by virtue of witnessing atrocities committed against other individuals in their community. This includes: a/25071/21; a/10007/22; a/10043/22; a/10079/22; a/10184/22; a/10230/22; a/10396/22; a/05217/23; a/05227/23; a/05228/23; a/05229/23; a/05242/23; a/05246/23; a/05250/23; a/05263/23; a/05474/23; a/05482/23; a/05483/23; a/05486/23; a/05487/23; a/05492/23; a/05493/23; a/05499/23; a/05500/23; a/05510/23; a/05524/23; a/05525/23; a/05526/23; a/05537/23; a/05538/23; a/05544/23; a/05561/23; a/25071/21; a/05213/23; a/05214/23; a/05215/23; a/05219/23; a/05221/23; a/05643/23; a/05573/23; a/05575/23; a/05577/23.

Joseph Kony and Vincent Otti*, 'Judgment on the appeals of the Defence against the decisions entitled "Decision on victims' applications for participation a/0010/06, a/0064/06 to a/0070/06, a/0081/06, a/0082/06, a/0084/06 to a/0089/06, a/0091/06 to a/0097/06, a/0099/06, a/0100/06"', 25 February 2009, ICC-02/04-01/05-371, para.36; and Pre-Trial Chamber II, *The Prosecutor v. ²⁷ Unlike other naming conventions, which usually consist of first name and surname, the Arabic naming convention in print (i.e. in official documents) follows a system that consists of, *inter alia*: *Ism* (a given name), *Nasab* (parentage), and in some cases *Laqab* (epithet or surname). Therefore, the full name appearing on any official identification document intrinsically provides a proof of kinship for the patriarchal descent of any person.

- J (i) both the applicant's and the direct victim's name display the same patriarchal descent - in case of siblings -; or (ii) the direct victim's name displays the name of the applicant – in case of children.

20. Certain applications falling under Group A contain what appear to be minor discrepancies,²⁹ pertaining to *inter alia*: the applicant's date of birth, an inversion of the applicant's first and last name or the spelling of the applicant's name, or other such inconsistencies in the information provided which appear to be the result of inadvertent errors. In line with the Court's jurisprudence,³⁰ the VPRS applied in those instances a certain degree of flexibility and considered that the discrepancies presented in these applications do not call into question the overall credibility of the information provided by the respective applicants.

Observations in relation to criterion (iii):

21. Some applications appear to provide an inaccurate date of the alleged events,³¹ or do not explicitly state specific dates³² (omitting to specify either the day or the

22. As the Registry has previously highlighted,³⁵ some victims face difficulties recalling the precise dates of the crimes allegedly committed due to the passage of time. In accordance with the 20 May 2021 Decision³⁶ and the Court’s jurisprudence,³⁷ the VPRS assessed these applications mindful of the specific circumstances around every individual application, as well as the general context of the events at the time at issue. Specifically, it individually considered the relevant applications’ internal coherence in the overall context of the alleged acts. In each of these applications, the applicants described specific events that correspond with the present case record, such as the arrests or killings of community leaders listed in the Prosecution Trial Brief,³⁸ or provided other sufficiently detailed contextual descriptions that sufficiently date the events.³⁹
