Dear parties,

Dear colleagues in the Registry,

As you know, the *Gicheru* case was referred to Trial Chamber III on 22 July 2021.

Any official email communication concerning the proceedings will be sent to you from this 'Trial Chamber III Communications' email address.

Should you wish to send an email to Trial Chamber III during the trial phase of proceedings, please send your email to this address.

This address is only to be used for messages directed to the Chamber; please do not Cc this address in *inter partes* communication or other correspondence amongst yourselves. For information security reasons, please also do not use or Cc personal private email accounts when sending messages to this email address.

In order to facilitate communication, the Prosecution is invited to create an email address for the communication with the Chamber (*see* of example, 'OTP UGA Prosecution Team' or 'OTP CAR IIB Prosecution Team') or indicate which of its existing email addresses related to these proceedings should be used.

Equally, the Defence team of Mr Gicheru is invited to also create an email address with all persons who are supposed to receive communications directed at this address. This can be arranged with the help of CSS. Should there be any problems, the Chamber is ready to assist.

Both, Prosecution and Defence, are afterwards responsible for keeping their respective email addresses up-to-date, in order to ensure that communication with the Chamber is disseminated to all relevant persons.

For the Registry, please feel free to share this email address to other parts of the Registry, should need be.

Kind regards,

Trial Chamber III
