**RE : IN THE MATTER OF THE PROSECUTOR - VS - PAUL GICHERU & ANOTHER**

I write Offering to Voluntarily (without coercion ) surrender to the Prosecutor as I truly believe I am innocent and that all charges against me are fabricated . I am not a suspect but a victim.

At my own cost, I will consequently fly to the Hague to answer to the summons without help from the Government or any institution.

I hereinafter provide guarantees and sureties that I am serious and will respect my undertaking to report on a set date.

Due to health complications and the urge to bring the truth to light, I desire to cooperate on the following conditions :

1. Once an agreement is reached with the prosecutor , the prosecutor will inform the chamber and apply for the warrant to be transformed into summons to appear.
2. A confirmation that I will not be arrested once I appear for the summons.
3. A date is fixed for the initial appearance in Netherlands in which I will appear for the summons.
4. Following the arrangements and when a fixed trial date is secured , I will depart the court with a guarantee to appear anytime I am required and will thereafter fully cooperate with the court as and when I am wanted.

Kind regards ,

  
Paul Gicheru
